Presence

WHY

- * **Expo No Limits[®] brings together supply and demand in a sector, sport, which until a few years ago had no advanced technological connotations.**
- * **With virtual sports and E-Sports, technology offers advanced solutions with simulators and services that are now essential for associations and sports clubs.**

Why to have a presence

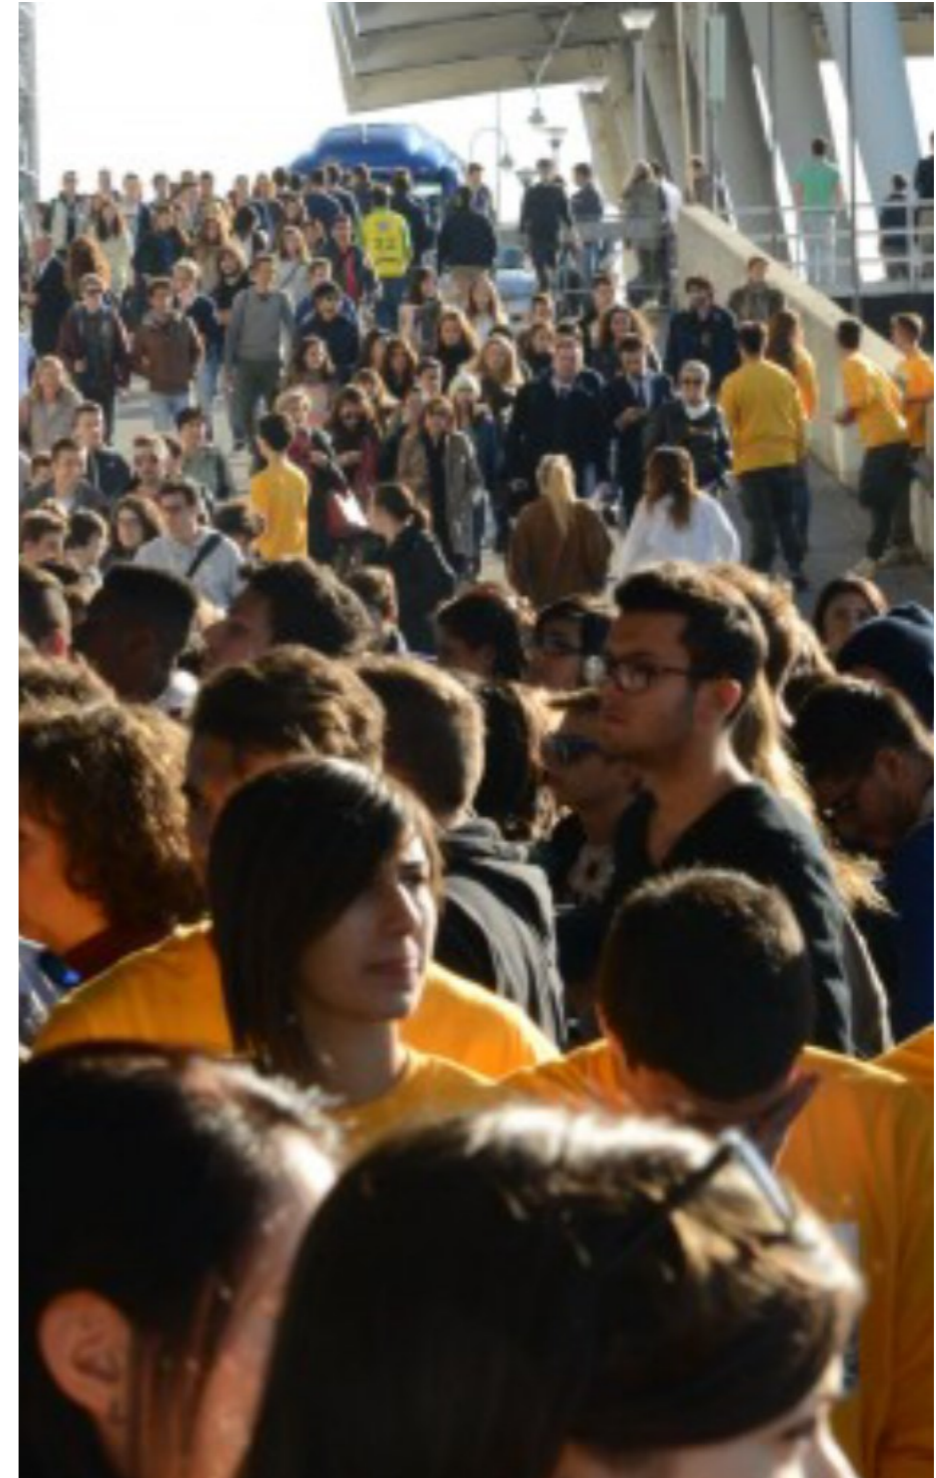

- * The stand in the fair is a place of great visual impact and content... a presence carefully prepared to give space to new products and develop commercial policies.
- * The exhibition space becomes the image that the company projects outwards and is the prerequisite to get work contacts.

Programma

Expo No Limits[®] is a three-day event during which numerous initiatives are planned.

- **Conferences and seminars with sports entities, universities and companies.**
- **Test with the participation of athletes and teams.**
- **Sports and E-Sports finals**
